15 TRAVEL SPOTS ACCESSIBLE FROM LATAR EXPRESSWAY

Bernama – Thu, Aug 25, 2011

KUALA LUMPUR, Aug 25 (Bernama) -- Latar Expressway has charted 15 places of interest that are accessible from the highway by the motoring public. The tourist spots include the Sekinchan paddy fields, Tanjung Karang fishing village, Templer's Park, Pantai Remis, Pasir Penambang market, Golden Monkey colony in Bukit Malawati, Kuala Selangor Nature Park, Bukit Malawati Historical Hill and Kampung Kuantan firefly sanctuary. These places of interest are clearly marked on the Latar Expressway, and with its four well-located interchanges, getting there is easy and convenient, according to KL-Kuala Selangor Expressway Bhd (KLSEB), the concessionaire for the expressway.

"Interest has mounted for these touristic spots as many have discovered from our Facebook promotions," KLSEB chief executive officer Amran Amir said in a statement today. Opened to the public since June 23, the expressway is toll-free until Aug 31.
